

A night-time photograph of the entrance to Farm Regency. The entrance is framed by two large, dark, rectangular pillars. Above the pillars, the words "FARM REGENCY" are illuminated in a bright green, glowing font. The "F" in "FARM" is stylized with a green leaf-like design. The entrance leads to a paved driveway that is lit by a bright, circular light fixture mounted on a pole. To the left of the driveway, there is a small, white, modern building with a flat roof. To the right, a multi-story white building with large windows is visible. The background is filled with dark, silhouetted trees and foliage. The overall scene is dark, with the primary light sources being the green entrance sign and the white driveway light.
